

# COP26

As COP26 (the 26th UN Climate Change Conference of Parties) comes to Make It Happen's origin city, Glasgow, it feels only right to get inspired and build some amazing apps that can help tackle climate change.

What actions can you take or make to encourage others to 'Make It Happen'....

The competition runs for for ages 4-18 from from Sunday 31st Oct - 12th Nov 2021. To enter, simply complete our submission template and post a picture of your app idea on Twitter with #Happathon and tag @makeith\_app\_en

The winner will be announced via our Twitter account @makeith\_app\_en on Monday 22nd November 2021 at 5pm.

## Make it Happen

## How could you change the world with an app?

### Think it

We all have a part to play in tackling climate change.

Even the smallest of acts can make a big difference. If we all work together we can 'Make Net-Zero Happen' and inspire everyone through apps that can change the world.

### Design it

It is important to design your app in a way that will help tackle one of the key climate change problems while also making it fun and achievable. What can we do to help with Climate change

- Turn off lights
- Close doors to stop heat escaping
- Walk or cycle rather than drive
- Recycle
- By items that can be reused
- Put on a jumper before turning on the heating
- Run appliances, like the dishwasher, on Eco Mode
- Stay informed and learn more about our environment

### Build it

The Winner will be assisted by expert designers and engineers to build their app and launch it on the app/play store.

#### Is there a way I can build my own app if I don't win?

Anyone can use Thunkable to build their own App ideas - it's free, simple to use and has lots of tutorials to get you started.

# Make it Happen

## What to do?

1. Read through the Think It, Design It, Build It steps.
2. Write your application idea on the back of this form or any paper - being as creative as you can and make sure it helps tackle climate change
3. Have fun!
4. Ask an adult to post a picture of your app idea on Twitter with #Happathon and tag @makeith\_app\_en.
5. The winner will be announced by our team on Monday 22nd November 2021 at 5pm!
6. Our experts will work with the winner remotely to build their app onto the App/Play Stores.
7. Everyone can follow the Build It steps to build their own idea on Thunkable.

## Think it

Think of a Climate Change problem you'd like to solve with an app - for example, deforestation, food waste, carbon emissions or lack of awareness. Tell us; Who would use the app? Why would they use it? What would it do?

## Design it

What's your app called? How would you describe it? Be creative and draw what your app would look like to its users. Tell us how it would work. Remember - Anything is possible!

All our previous winners are on our website to help inspire you.
