

**Make it
Happen**

Maths Week 2022

26th Sept - 2nd Oct

**Try our daily challenges to be in with a chance to win some amazing prizes.
We will select a winner at random each day!**

Challenge 1 - Find It!

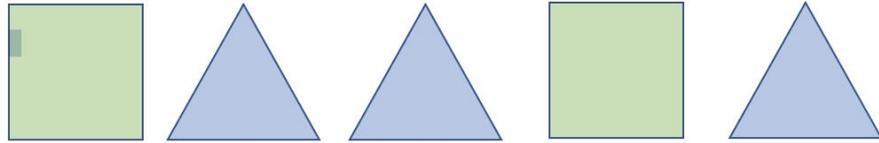

We want you to find maths in real life. Take a picture of what you find and tweet us [@makeith_app_en](https://twitter.com/makeith_app_en)

Examples - Using money, shapes or patterns in your environment, coding, addition, sharing item equally using fractions, a sale is a shop with 10% off.

Make it Happen

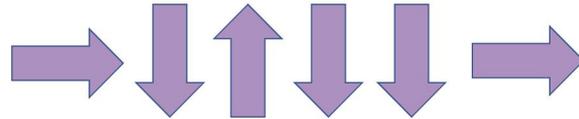

Challenge 2 - Creating Puzzles

Make it
Happen

Using what you know about shapes and patterns, create a puzzle for your class to solve. Send us some pictures of the process.

Don't forget to tweet us your pictures

[@makeith_app_en](https://twitter.com/makeith_app_en)

Challenge 3 - Thinkable Challenge

Make it
Happen

Using Thinkable, create a quiz based on something you have been learning in maths. The quiz could be based on any concept, fractions, algebra, shape, addition, multiplication...

This template will help you, just add your own questions/answers into the Invisible 'Questions' Component -

<https://x.thunkable.com/projects/630c9888f5e80c0226567bf2/f9344f63-7025-42fa-9947-20289d879ff9/designer>

(To login to thinkable you can use your Glow Email address)

Don't forget to tweet us the link to your quiz so that we can try it out [@makeith_app_en](https://twitter.com/makeith_app_en)

Challenge 3 - Thinkable Challenge

Make it
Happen

Extra Challenge -

Can you;

thinkable

- Change the background colour
- Change the colour/size of the buttons
- Add new images and/or animations to the Quiz

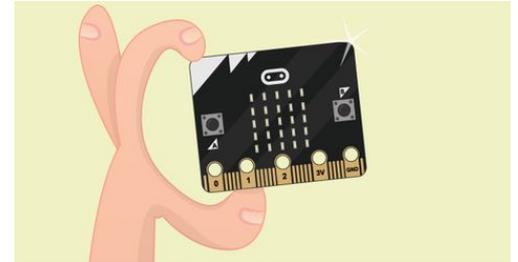

Don't forget to tweet us the link to your quiz so that we can try it out [@makeith_app_en](https://twitter.com/makeith_app_en)

Challenge 4 - micro:bit Challenge 1

**Think of a hashtag to represent maths week 2022.
Code the micro:bit to share your message.**

**Don't forget to tweet us your pictures
[@makeith_app_en](https://twitter.com/makeith_app_en)**

This amazing guide from Microsoft, Make Code will help you to create your own name tag or hashtag <https://makecode.microbit.org/#editor>

Challenge 5 - Building an Igloo

Make it
Happen

Design and build an igloo using a material of your choice. Your Igloo must stand on its own without support and must have a roof. Good luck!

**Don't forget to tweet us your pictures
[@makeith_app_en](https://twitter.com/makeith_app_en)**

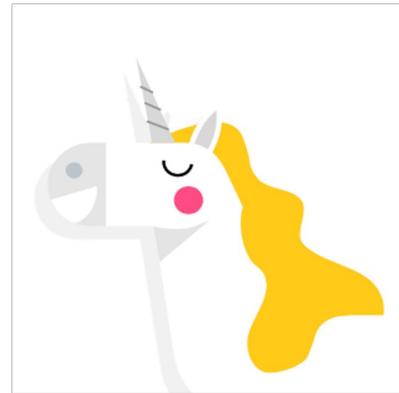

Challenge 6 - Directions

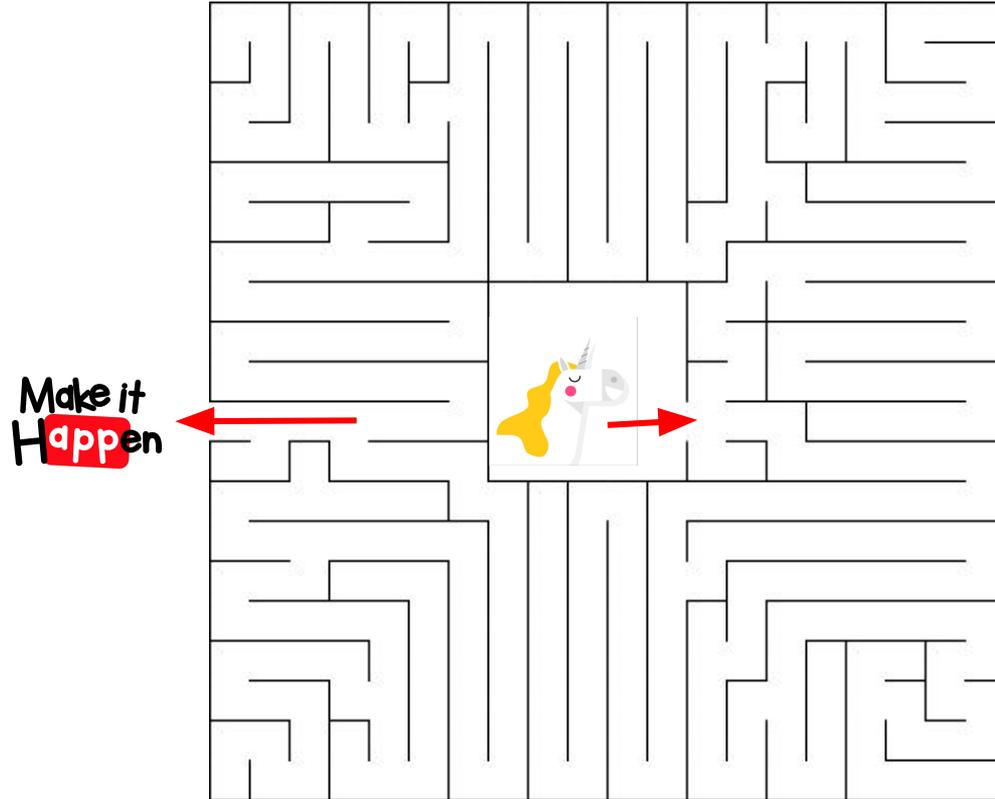

Can you give our 'Make It Happen' Mascot the correct directions to reach his final destination and inspire pupils just like you?

Don't forget to tweet us your solutions and pictures [@makeith_app_en](https://twitter.com/makeith_app_en)

Challenge 6 - Directions

Make it
Happen

Challenge 7 - Rubber Duck Challenge

**Make it
Happen**

We are all mathematicians everyday and it is important that we can explain how we got our answer. Pick a concept or a calculation and explain your working to our special Make It Happen Rubber Duck.

Don't forget to tweet us your pictures and videos
